Slightly higher in Fairlee.
What’s New in the Health Office?

We are fortunate at the Academy to have had very few of the illnesses that have been in the community recently. There have been a few cases of flu, which did not occur in New England until late winter of this year. The difference is as follows: FLU includes body aches and weakness, along with the likelihood of fever. Stomach bug symptoms include nausea AND either vomiting or diarrhea; there is often no fever. The stomach bug tends to last 24 hours, while the flu usually lasts 2-4 days. If you have any questions about either of these illnesses, or any other illness or disease, please contact the Health Office.

Please DO let the school office know of any reason for absence due to health. And please, DO give me a call or send an e-mail about any illness or injury that your student may have so that we can provide the best environment possible at school while they mend.

A reminder that handwashing (20 seconds of good, sudsy handwashing followed by a thorough rinse; and coughing and/or sneezing into one's own inner elbow) is the best protection against catching or spreading illnesses.

IMPORTANT DATE CHANGE:
The Academy Health Fair date has been CHANGED to Wednesday, May 2nd, from 1:00-5:00 p.m. There will be booths staffed with professionals, students and staff ranging from blood pressure checks, vehicular safety, nutrition (including healthy student/staff-created snacks made from our own grown/made ingredients), and other wellness promotion booths. The entire Rivendell community is invited!

Finally, please contact the health office anytime at cmoffatt@rivendellschool.org or 603-353-4321 X 7 if you have any questions or concerns.
